## Looking Ahead

September 3<sup>rd</sup>, 2025

September is our chance to shape the months ahead, and we want your ideas on the calendar! At this meeting, we'll be brainstorming and locking in fun events like game nights, service projects, outdoor adventures, and more.

Whether you've got a big idea or just want to help make things awesome, your voice matters. Let's build a lineup that keeps the energy high and the brotherhood strong all fall long!

## Advisors Corner

Fidelity is about staying true to your values, your Brothers, and the promises you make, big or small. Whether you're helping with a project, following through on a commitment, or just being someone others can count on, your consistency matters.

It builds trust, sets an example, and strengthens the bonds that hold our Chapter together. Even small acts of follow-through can make a big difference. Keep showing up for each other in ways that count.
