Stated Meeting Tonight!

Every great DeMolay moment starts with an idea, and tonight, it's your turn to bring one to life. From haunted corn mazes and movie nights to service projects and road trips to other Chapters, there are countless ways we can make the next few months meaningful and fun.

Don't worry if you've never planned an event before, that's what teamwork is for. Suggest something you'd enjoy, be open to helping out, and let's build a calendar we're proud of. The more we show up for each other, the stronger our Chapter becomes. So bring your voice, your energy, and your ideas. The next few months are waiting to be filled, and they start with you!

Advisors Corner

Cleanness goes beyond hygiene, it's about keeping your thoughts, words, and actions respectful and intentional. In DeMolay, that means carrying yourself with pride, being mindful of how you treat others, and striving for integrity in everything you do.

It's about having a clear conscience, knowing you've acted with purpose and respect. You don't have to be perfect, but you should aim to be aware, honest, and true to your values. Clean conduct builds strong character and earns lasting trust.
